Our company or employer or association chooses to participate in the Oasis Retirement Plan and Trust of the Oasis Labor Association, a national labor organization, 501c5; as maintained pursuant to a collective bargaining agreement which recognizes the participating labor organization to be the exclusive representative for collective bargaining regarding wages, hours, benefits, and working conditions. We understand this retirement plan is a federal ERISA-based benefit offered by the participating labor organization exclusively to its members as per ERISA ECE Section 3 (40)(A) and may be subject to change without prior notice. We understand our company or employer, or association must first become a member of the participating labor organization to access benefits in the retirement plan and there is a onetime enrollment fee of \$100. Employee participants pay no membership fee and there are no management or broker fees in the plan. I give authorization in the amount of this one-time fee of \$100. There is an employee enrollment form attached for employees to enroll. We understand that this plan summary can be amended as required to add or withdraw participants. Quarterly statements are given to each participant with accompanied interest and value. This retirement plan is not a bank guarantee or FDIC insured and it may lose value. Rollovers are accepted in this plan.
